

Swansea Grand Theatre Access Statement

The Arts Wing provides a passenger lift taking patrons to all levels of the Theatre and Wing, including all exhibition areas, the White Room, the Rooftop restaurant and the Depot Studio. The lift also provides access to the Grand Circle in the main auditorium.

There is level access for wheelchair users into the stalls and also into Footlights Bar. There are five positions available in the stalls for wheelchair users, should you require one of these please inform Box Office when booking.

Wheelchair accessible toilets are positioned both by the entrance to Footlights and in our box office area.

To enhance sound reception for those who are hard of hearing, the loop system is available to patrons free of charge. Also look out for sign language interpreted performances. We also offer Audio Description facilities with some shows provided by VocalEyes.

If you have any requirements please give our Box Office a call and we will be happy to help:
