

The Gower Gin Company

Siân and Andrew Brooks

Introduction

GŴYR Gin was launched in October 2017 after a year of intense development. We are now a firm favourite on Gower, across Wales and are rapidly developing a following right across the UK. Our distinctive deep-blue and white striped bottle, with embossed copper writing, really stands out on the shelf. GŴYR is now made exclusively in our own Micro-Distillery and can be found in 200+ quality hotels, bars and restaurants.

Our company ethos is to make craft, small batch, gins based on foraged botanicals found on the Gower Peninsula. We are also strong advocates of using the Welsh language to promote our gins and the Welsh gin industry. This is why we are one of only a small handful of producers with a fully bi-lingual bottle. Having won three industry awards in 2018 we have a strong base from which to innovate new products. We have recently launched 'Pinwydd' gin to fantastic reviews and are working on new projects for 2019

Current Gin Range

GŴYR - Gower Gin is made with 8 specially selected botanicals including wild foraged bronze and green fennel from the dunes of the South Gower coast. The aromatic fennel fronds are steeped in a pure grain spirit, along with juniper, angelica and other botanicals to give the distinctive taste and aroma. Gower Gin comes in 3 sizes 70cl, 20cl, 5cl (as pictured)

Pinwydd Gin is a London Dry style gin made with foraged Pine Tips from North Gower, orange, cranberry and pink peppercorn. Released in October 2017 to fantastic reviews the silvery pine-embossed bottle is already proving a firm favourite with gin bloggers and our customers.

We plan to develop a limited number of exciting new gin projects in 2019 and we have just produced our first contract 'own-label' gin for an independent wine and spirits merchant and are working with selected customers on new projects for 2019

The future for Gower Gin

Keep developing our brand through innovative marketing

New collaborations to develop our brand e.g. we have just launched a Gower Gin Botanical Candle

Awards and competitions to fly the flag for Gower and Wales across the world

New Suppliers and new distributors to extend our brand range.

New product innovation To stay fresh in the market
