

Oxwich Bay to Worms Head (2 hours)

Seal colony at Worms Head

Experience fantastic wildlife encounters on our round trip from beautiful Oxwich Bay to magnificent Worms Head, the tidal island at the western tip of Gower. Along the way we hug the coastline taking in Gower's stunning scenery from a unique perspective. Listen to stories about historic caves and smugglers haunts. Keep an eye out for the regularly seen harbour porpoise and playful common dolphins amongst diving gannets. At Worms Head delight in the sights and sounds of hundreds of seabirds during nesting season, seals basking on the rocks or dozing in the water and the chance to experience the spectacular blowhole at high tide.

Gentle paddle out at Oxwich

What to expect when you arrive

Sign in at our booking office 30 mins before your departure time. Our staff will use this time to kit up passengers with waterproofs and lifejackets. Please ensure that warm clothing is worn underneath waterproofs. Passengers will be led to the waters edge by a member of crew where they will walk into the sea to knee depth and then step up to board the boat. Please note, at low tide it is a longer walk, the step up to the boat is knee height and crew will assist passengers. Shorts and beach shoes recommended.

An EXHILARATING opportunity not to be missed! Join us aboard SEA SERPENT to discover the unspoilt beauty of the MAGNIFICENT Gower Coast...

"So good I did it twice! The knowledge of the skipper and crew was amazing, explaining all about the caves, history and wildlife we saw on the way. My first trip from Mumbles to Oxwich was so good I booked another one from Oxwich to Worms head. The second was even better; seeing Porpoise, huge jellyfish, a variety of sea birds and seals. Can't wait to go back again next year!"

The Experience

Gower Coast Adventures is owned by its skipper with over 14 years of experience, we are passionate about the beautiful Gower coast and its stunning wildlife.

Our aim is to provide breathtaking, interactive tours of the South Gower Coast. You will visit many places of interest along the coast, encounter a wealth of marine wildlife & hear tales about prehistoric bone caves, smugglers & shipwrecks from our enthusiastic crew with excellent local & marine knowledge. Combine this with the thrill of jetting across the open water makes for a unique memorable experience.

We are a Sea Watch Foundation recommended operator www.seawatchfoundation.org.uk

The Boat

Sea Serpent is a 10.5-metre purpose built boat; it has a powerful 315hp turbo diesel engine with water jet propulsion, capable of 30 knots although usually cruising at 20 - 25. Having no propellers allows us to operate safely in shallow water with excellent manoeuvrability and no risk of harming wildlife.

- Experienced skipper and crewmember on every trip
- Secure comfortable seats with grab handles
- Quality waterproofs and lifejackets provided
- Boat & crew certified by the Maritime & Coastguard Agency
- Licensed to carry 12 passengers 20 miles from a safe haven
- Full safety equipment including life-raft
